

IE-NOG

JOHN LYONS

WHY ?

- Plenty of Irish tech forums already (SAGE-IE, ILUG, ICS etc.) but none for network engineers
- Proven idea (NANOG, NZNOG, SWINOG, UK-NOF ;-))
- To facilitate discussion between engineers, specialised forum means more techy talks

WHAT ARE WE DOING ?

- A night of talks in June (MPLS, Triple-Play and Netflow)
- Plan to run a night of talks once a quarter
- Mailing List

PLANS FOR THE FUTURE

- Continued talks
- Try to promote use of the mailing list
- Increased vendor interaction
- Re-design website (Wiki)
